

# Welcome HOME

*Greetings!*

Celebrating  
**20 Years**

## From the Mayor

To everyone who lives or works in Bermuda Run, Happy Anniversary! It's hard to believe that it has been **20 years** since our town was incorporated, and so much has happened in that time. The charm and character of our town as a friendly, welcoming community has led **USA Today** to name Bermuda Run as one the nation's top communities to retire in.

We've worked hard in promoting a healthy and diverse economic base within a sustainable land development pattern that complements the character of the Town, while preserving environmentally sensitive areas, adequate open space, and recreational opportunities. And we will continue to do so.

Finally, we have worked to provide exemplary municipal services, infrastructure, and recreational amenities to sustain and improve existing development while promoting economic development and an excellent quality of life.

I think you'll agree that at 20, Bermuda Run is a great place to "**Just Be.**"

**Ken Rethmeier, DrPH**

Anniversary

# What does the Town Turning 20 Mean to You?

Less traffic? Less noise? More relaxed? More peace of mind? What does it mean to you when you think of Bermuda Run's 20th Anniversary?

Here is what a couple of your neighbors had to say:

“I'm not sure I can put into words our feelings about living in such a beautiful place. Everyone has been warm and welcoming since we came here 6 years ago. It is a 'sit on the porch and visit with your neighbors town,' where kids ride their bikes and play. Our favorite thing to do is sit on our porch and visit with our neighbors. We always tell people, 'it's like living on vacation every day.' I can't wait to see what the future holds.

- Missie Flanagan, Kinderton Village resident

“Living in Bermuda Run means, 'I am home.' Upon completion of my undergraduate studies, my first full-time job was in Winston-Salem and my first accounting client was Bermuda Run Country Club, where my wife, Rosanne Barkley, and I had our first dinner date.

After over forty years of wandering the world in the mission of higher education, we have returned to this great and growing community of thoughtful, caring people who embrace good healthy habits, life-long learning opportunities and service to others.

Bermuda Run is a great place to make abundant life-enriching memories.

Yes, living in Bermuda Run means, 'I am home - a place where memories can always be made'!

- Ken Peacock, Bermuda Run West resident

Thanks Missie and Ken!

We couldn't have said it better ourselves.

**We hope you take a moment to ponder what Bermuda Run means to you.**

**Feel free to share your sentiments with us on the Town's Facebook page!**

# How Bermuda Run Came to Be

Ariston Farm was built by David and China Lybrook in the early 1920s from sketches Lybrook casually drew on paper. The house was built from stones found on the farm and the wood was cut and cured on the farm. What was once a major cattle and horse farm became a luxurious retirement community, a private country club and golf course, and the newest town in Davie County.

When Billy Satterfield, a plumber's helper from nearby Clemmons, looked across the river in his search for reasonably priced land to build his own country club, he found a farm for sale. Price: \$1,000 an acre. Armed with artists renderings of what the club would be, he sold 175 lots for \$10,000 each. Buyers paid the \$10,000; then their lot location was assigned by conducting a drawing. Arnold Palmer took the first lot and Bermuda Run Country Club was born.

In the 1980s the country club was sold with the undeeded land to developers who purchased an additional 234 acres of the Lybrook farm (giving Bermuda Run a total of 900+ acres) on the Davie County side of the Yadkin River.

The community underwent an expansion that added a retirement center, luxury condominiums and another nine holes of golf.

Recently, there has been further expansion of the community when another clubhouse and golf course were added along with additional home sites.

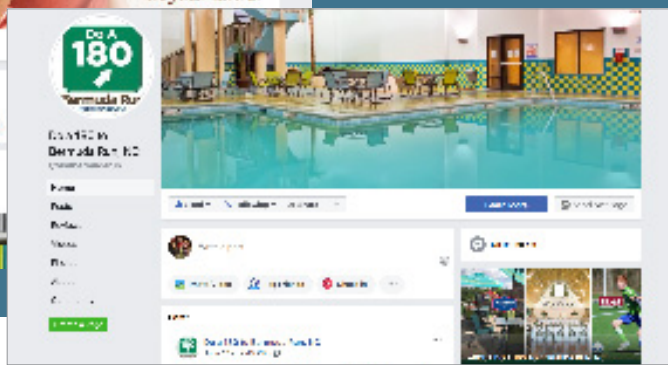

Bermuda Run today encompasses the original country club, Bermuda Run West, Kinderton Village, a diverse, thriving business community including shops and restaurants, and the Davie Medical Center.
