Mayor's Message

As we pass from October to November, we find that 2021 is quickly winding down. With Halloween behind us, our year-end holidays are now upon us. Before we know it, 2022 will be here.

Next week, on November 11, we will observe Veterans Day to honor the armed forces service members who put their lives on the line to defend the freedoms we enjoy. I don't believe it would be over-stating things to say that setting aside one day each year to recognize and honor those who have selflessly served our country for which we are so proud, seems inadequate.

During these often challenging times, it can provide comfort that these men and women have given so much for us to live in this country. When I spend time with people across our community, I am so impressed by the number of veterans we call friends and neighbors. Nothing I can say will adequately express the gratitude and pride I feel for all who have served our country.

Please mark your calendars for **December 5th ~ 2:00-5:00 pm** as The Town of Bermuda Run and volunteers from the community will host our first annual *Christmas in the Town of Bermuda Run*. Last year, a few dedicated residents created the Christmas Tree lighting on the roof of Davie Medical Center. That was the beginning of something very special for our community. This year, they have promised something more grand and eventful! And they assure me there will be something for everyone. Mark your calendar and stay tuned for more details.

Finally, last month, I referenced upcoming Homeowners' Association annual meetings and offered to attend to provide a brief update on what's happening around town and to engage with you. Several HOAs have taken me up on my offer. I hope to hear from more as time passes, and look forward to continuing to spend time together. Just let me know.

I want to hear from you, and appreciate those from whom I have heard. You can reach me at rcross@townofbr.com or 336-391-1992.

Rick Cross

Fats, Oils and Grease are also known as F.O.G. which comes from food such as cooking oil, lard, shortening, meat fats,

Daylight Saving

saucers, gravy, mayonnaise, butter, ice cream and soups. Sink, dishwasher, hood and floor cleaning wastewaters and food scraps may also be sources of F.O.G.

Help prevent F.O.G. Specific actions can be taken in the kitchen: Never pour fats, oils, or grease down a garbage disposal, sink, or storm drain. Instead, allow F.O.G. to cool and then seal it in a can or bottle and dispose in household trash. Remove remaining F.O.G. from pans and dishes by scraping and absorbing with a paper towel. Hot water and soap do not eliminate F.O.G. because it will eventually reform and solidify in pipes.

Time Ends This Weekend

Please remember to "Fall Back" - Move your clocks back an hour before going to bed on Saturday, November 6.

It's also a great time to check the batteries in your smoke detectors.

Save the Date - December 5

Christmas in the Town of Bermuda Run
Sunday, Dec. 5, 2021 ** 2:00 - 5:00 PM
(rain or shine)
Town Hall Gazebo/Kinderton Blvd. off of
Hwy. 158
